Thanksgiving Union Services To Be Held

Methodist Homecoming Slated For November 21; Plans Complete

Homcoming plans for The First Methodist Church, slated for November 21, are complete and the church membership has been reported to be rady to welcom all visitors and frinds who attend.

Dr. Robert Goodrich, well known minister of Dallas, will deliver the message at 11 a. m. followed by special music.

Mrs. Hilliard Thomas and Miss Shirley Horstmann will play an organ and piano duet with a trio, composed of Misses Shirley Horstmann and Billie Nell Johnson and Mrs. Dana Monroe will sing the anthem "Rejoice, Give Thanks".

All visitors and members have been invited to the Fellowship Hall for lunch at mid-day, prepared by the ladies of the church. Coffee will be provided by the Methodist Mens Organization.

At 2 p. m. special music by the Choraliers and Choralettes and the Children's Chorus will be presented.

At this time the introduction of the out of town visitors will be made and flowers will be given to to the couple coming the longest distance and to the couple with the longest term of membership.

Committees in charge of Homecoming arrangements are:

Executive committee: Dr. Magers. Mrs. Chas Smith, O. B. Horst mann, A. W. McCullin, Exsheer Smith, E. A. Perrin, Mrs. Carroll Green, Niley Smith Jr.

Invitation committee: Oxsheer Smith, Mrs. John Henderson, Mrs. W. C. Triggs, Mrs. Niley Smith, Mrs. Howard Baskin, Mrs. Jim Kemp, Mrs. Jeff Kemp, Mrs. W. A. Bonds, Mrs. Winnie Witliff.

Foods (preparing and serving) WSCS, Mrs. Chas. Smith.

Food and Coffee Committee: Methodist Men, E. A. Perrin, Roy Griffith, Henry Seibman, Fred Reno.

Program and Registration committee: Mr. Magers, Mrs. Joe Hickman, John Henderson Richard Williams, Leland Green Jr.

"Who Stole the Ding-Dong - Who Stole Our Bell," Yoe Wonders

"Who stole the ding-dong—who stole our bell" is the question of the year at Yoe High school.

The bell, one presented to the Rockdale- Cameron schools by the Rockdale, Sandow and Southern Railroad and later won by Cameron in the football game.

A. A. Goehler, manager of the railroad, who made the presentation said that the bell was taken Halloween night and he had hoped it was just a halloween prank and would later turn up but, until the present time the disapparing act has been complete with not one little peal of evidence to be found. Goehler said it was presumed that the culprit was probably of high school age, although that had not been ascertained, and added that as far as he knew little energy is being expended by authorities to locate the bell.

Goehler, with disapproving emphasis, said that he was very disappointed when the winning school was so disinterested in the award that they made no effort in taking the bell back with them after the game.

"We had the most honorable intentions when we presented the bell," Goehler stated, "we thought the schools would cherish and be proud of it, but evidently they weren't."

He said that several leads on the whereabouts of the bell have been rumored and that several of the employees of the railroad followed down one tip that the bell had been buried in the woods, searching for about three hours to no avail.

W. T. Hanes, when contacted, said that the people to question would be in Rockdale, that he had no information at all about the bell.

C. L. Allen, a former Milam County resident, was a visitor in Cameron Tuesday.

Mr. and Mrs. L. A. Petty and daughter, Sue visited with Mrs. Petty's mother, Mrs. H. W. Mas sengale in Maysfield Sunday.

an editorial - - -

Apathy is a disease which should be treated. Some of the numerous symptoms seem to be negligence, disinterest and a hearty dislike for publicity.

Cameron School officials seem to be as susceptible to the disease as anyone else.

Five times within that many weeks local school authorities have been contacted on matters pertaining to the school and five times Herald reporters have been referred to people with only slight or no relation to the school.

The latest blunder was on the Victory Bell presented to the Rockdale-Cameron schools by Rockdale, Sandow and Southern Railroads. After the bell was presented and later won by Cameron it was uncerimoniously left just where it was, unattended and with no arrangements made for its transportation to Cameron. Needless to say, it was stolen.

In an effort to garner the necessary facts A. A. Goehler manager of the railroad was contacted and in no uncertain terms told of his disgust in the manner in which the award was accepted.

Superintendent of the Rockdale school was contacted, he didn't wish to be quoted. W. T. Hanes was telephoned. He had no information whatsoever and tersely referred the representatives of the local press to Rockdale.

To date the questions asked Mr. Hanes and later tossed in "file 13" are: (1) How many green stamps are given the school through gasoline purchases monthly? (2) Why isn't the County Health Program more complete in Ada Henderson and Yoe Highschool? (3) Can you give us some information on the food subsidy program for the school cafeterias? (4) How many teachers from Cameron will attend the State Convention in Fort Worth? (5) Do you have any information about the Victory Bell?

The school is a servant of the people. The paper is a servant of the people. Both have their task to perform. The paper has the questions WHERE ARE THE ANSWERS?

Baptist Church To Be Host; H. M. Bowley To Deliver Message

Many years ago the Pilgrims gathered with their friends and neighbors, the Indians, to give thanks to God for his blessings during the year which had just passed. With prayerful thankfulness a feast was spread at noon so that the harvest of a bountiful crop supplied by the Lord might be shared.

Most Cameronites will remember that first Thanksgiving and instill the worship full celebration in their childrens future this Thursday, November 25, on Thanksgiving day.

In remembrance of all past Thanksgivings when all men gather to offer thanks the congregations of the churches of Cameron, under the sponsorship of the Ministerial Alliance, will have their annual Union services in the First Baptist Church Wednesday evening, November 24, at 7:30 p. m.

This year H. M. Bowley, minister of the Full Gospel Church will bring the message with the special music provided by the Yoe High School chorus, under the direction of Francis Cox. Their numbers are entitled "Dedication" and "Now Thank We All Our God."

The Call to Worship will be led by Reverend James McKeown, Rector of All Saint's Episcopal Church. The invocation will be given by Dr. Mark C. Magers, minister of the First Methodist Church.

Reverend Harsh J. Brown, minister of the First Christian Church, will read the Scripture following which Reverend John Solomon, minister of the First Presbyterian Church, will offer a Thanksgiving Prayer.

The offertory service, with the proceeds to be given to the needy in Cameron, will be conductd by Reverend Aubrey F. Russell, minister of the First Baptist Church.

Reverend D. A. Lambert, minister of the Nazarene Church will pronounce the Benediction.

An outline of the program scheduled by the pastors is as follows:

Prelude,
Processional Hymn (congregation will rise as choir enters)
The Call to Worship
"Dedication" by the Yoe Chorus.
Invocation
The Gloria Patri
Reading of the Holy Scriptures
Prayer of Thanksgiving
The presentation of Gifts and Offerings
An Anthem, "Now Thank We All Our God" by the Yoe High Chorus
The sermon by Rev. Bowley
A closing hymn
The benediction.

Everyone has been invited to attend the servics.

Otto Sommrs, hurt in a fall at the Batte gin, is reported to be recuperating quickly at his home.

Methodist Church Robbed Sunday Of Offerings

Money from the Sunday School collection and Morning worship service were stolen from the First Methodist Church sometime Sunday Church authorities reported. At the time Mrs. Dorothy Johnson reported that $48 was taken from her purs which she had left in the primary department.

Since the money from the evening service was left in the Dr. Magers office, according to Sheriff Carl Black, the loss wasn't noticed until Monday morning when the church secretary started to count the offerings for deposit in the bank.

Sheriff Black said that the safe hadn't been tampered with in any way, which made it look like it must have been left unlocked or the money taken by someome who had the combination to the safe.

Investigation is being made by Sheriff Black and his deputies.

The Church was broken into about a year ago but nothing was taken.

Eugene M. Boyd Dies At Age Of 94; Services Thursday

Eugene M. Boyd died at midnight Tuesday, at the age of ninety four, at the home of his daughter, Mrs. W. E. Chamberlain near Cameron. Mr. Boyd was born Februrary 18, 1860 at Memphis, Tenn., and mov ed to Arkansas with his parents at an early age. Later the family moved to Milam County, where he made his home for the past 75 years near Cameron.

Among his survivors are one son L. C. Boyd and one daughter, Mrs. W. E. Chamberlain both of Cam eron.

He is also survived by one sis ter, Mrs. Carrie Ferguson of Shreveport, La. and two grand children and four great grand children.

Funeral services were scheduled at 2:00 p. m. Thursday, November 18, 1954, at the Chapel of Green's Funeral Home, with Rev. A. F. Russell, pastor, of First Baptist church officiating. Interment in Walkers Creek Cemetery.

Active pallbearers were: V. L. Angell, John Jinks, O. L. Hightower, H. H. Chamberlain, J. P. Harwell, Jessie Hickman, J. D. Martin and F. H. Scarborough.

Honorary pallbearers were: R. T. Delahunty, C. M. Ford, Henry Reeves, Dave Link, Roy Hightower, Will Vaughan, John Thweatt and Gilford Thweatt.

Mrs. Mary Knight Funeral Rites Held Saturday

Funeral services were held Saturday afternoon, Nov. 13 for Mary Etta Knight of Lowake, Texas. Mrs. Knight was born October 3, 1866 in Marshall County, Alabama and came to Milam County in 1894 as one of the pioneers of this area.

Mrs. Knight is the widow of the late Gus T. Knight and died at the home of her daughter, Mrs. J. E. Smith of Mendota, California, November 9, 1954, following a brief illness.

She follows in death her husband, Gus T. Knight and her three sons, Harvie G. Knight, Charles F., and J. Leonard Knight.

She is survived by her four daughters, Mrs. J. Y. Lowe of Lowake, Mrs. J. E. Smith of Mendota California; Mrs. O. L. Peikert, of Snyder, Texas, Mrs. George E. Taylor of Houston, Texas; three sisters; Mrs. Tom Couch of Arkansas; Mrs.Charlie Couch Mrs. Press Meade both of Union Grove, Alabama; one brother, W. F. Hensley of Cameron; twenty six grandchildren; forty-one great grandchildren and one great, great grand child.

Pallbearers were her eight grand sons; Pat Knight, John Knight, H. G. Knight, Max Taylor, Lyndell Peikert, Harold Peikert and Charles F. Knight.

Local funeral arrangements were made by Green's Funeral Home with services conducted by the Rev A. F. Russell, pastor of First Baptist Church, Cameron. Final resting place is in the family plot at Corinth Cemetery.

Road Committee Soon To Decide On Road Problems

When queried on the outcome of the poll of opinions of the 30 members of the Road Advisory Committee on their final conclusions concerning the need and probability of a two million dollar bond election to build roads in Mialm County passing, Judge Charles C. Smith, Jr. stated that the decisions would be completed in the near fu ture.

The solution to Milam Countys road problems was offered by Judge Smith in a detailed report before the members of the Road Committee earlier this year and they were advised that sufficint time to form their opinions and get the opinions of their neighbors would be afforded.

At the last meeting of the Committee the members appeared to be divided into two trains of thought.

One group, with Oxsheer Smith as spokesman, expressed the feeling that any action in the nature of calling a bond election for the unit system be postphoned on the theory that the Federal government would secure enough funds to cover the County road problem and that if the county should take this matter into their own hands Mialm Counties funds made available through state and federal agencies would be diverted into other counties.

The other group, headed by Richard Allison of Baileyville and Judge Smith, were of the opinion that definite measures should be taken to assure constructive work on new roads since over a million dollars was spent on county roads since over a million dollars was spent on county roads since 1948 with the citizens of the county still traveling over gravel roads and the same wooden bridges.

They stated that since the annual budget of the county involves an expenditure of over a quarter of a million dollars for road purposes, that the people are entitled to the advice and service of a competent highway engineer experienced in road construction so that futur emphasis would be placed on permanent type roads rather than spending all the funds of the people on maintenance.

It was the contention of this group that the only way in which all county roads can be improved at one time is through the issuance road construction so that future of bonds sufficient to apy for them They pointed out that if the key roads are built where the highway department says they should be placed and are built to highway department specifications then the Highway Department, in turn, will assume them for maintenance as part of the State highway system, thus actually saving the public money in the long run.

They proposed that such a bond issuance be financed by voting 30 cents per $100 valuation, not including homestead property up to $3,000 valuation, which could be done without increasing the tax rate, which prevailed in Mialm County from 1935 through 1953. The advisory committee would work with the commissioners Court on matters of location, securing right of way and all accounting, thus assuring the tax payers the proper application of their road funds.

When Judge Smith was called on to comment on these opinions he stated that "The net effect of the Federal contribution of Texas, as far as Milam County is concerned is now in view.

"Of the 10 counties in District

Charles Roberts Funeral Held In Rockdale

Charles Roberts, age 79, died in Cameron Saturday November 13, 1954 at 6:45 a. m. He had been living in Cameron for the past year. He was born October 16, 1875 near Rockdale and had lived near Rockdale until about a year ago. He was a member of the Baptist Church having joined in 1917. He was a retired farmer.

He is survived by one sister, Mrs E. J. Davison of Rockdale , two br thers, Ira Roberts of Temple, Texas nd Wilbur Roberts of Dallas, Texas. Also a number of nieces and nephews survive.

Funeral services were held in Rockdale Sunday, November 14, 3:00 p. m. Rev. A. F. Russell, Baptist Minister officiating. Interment in Odd Fellows Cemetery.

Two New Sub-Divisions Sited To Council Action Necessarily Deferred

Action on two new home sub-divisions to contain a total of 131 homes had to be delayed by city councilmen at their meeting Tues day night due to the fact that one lay outside the city limits altogether and the other more than half outside the city limits. No provi sions can be made for water and sewage since the city comes under General Law and no new property can be annexed; which leaves the city stymied since contracts made previously state specifically that property outside the city cannot be

Plans for 100 lots, terraced and artistically arranged were placed before the council by H. P. Culpepper who stated that he had to know whether or not he could get service for the homes which already have F. H. A. Approval, since everything is ready to go serviced.

Utilities are all that have not been made available.

Councilmen explained that they could not commit themselves since they could not legally extend the lines outside the city and that portion could not be annexed into the city under their present form of government.

The second addition proposed was by Mat Zarosky. His plan in cludes the building of 31 new homes, six within the city limits the rest on the immediate outskirts He assured councilmen that if they would pay for the first 400 feet of six inch pipe, he in turn would pay half the cost of the remaining 900 feet.

Speaking for the councilmen Milton Schiller pointed out that "It's not a matter of what you want to do, but what you have to do."

Gene Blake reminded council men that a city charter would do away with such problems.

Sister M. Albius Of St. Edward Hospital Dies

Sister Mary Albius of St. Edward's hospital died Monday.

She had been with the Cameron hospital since the fall of 1946 when it was donated to the Catholic Church. Prior to that she was a member of the Santa Fe hospital staff in Temple.

Sister Albius was chief dietitian at the Hospital.

Funeral services were scheduled at 9 a. m. Wednesday at the Villa De Matel in Houston and burial in the Villa De Matel cemetery.

She is survived by a sister in County Limerick, Ireland.

Local funeral arrangements are in charge of Marek-Burns funeral home.

Funeral Rites Held Oct. 29 For J. L. Foster, Sr.

J. L. Foster, Sr. died at his home Oct. 29, 1954. Funeral services were directed by Rev. Eustice in the Rice Community church at 10 a. m. Saturday, October 30. with interment in the Rice Cemetery.

Mr. Foster was born on January 18, 1876 in Falls County, and had lived in Hoyte community and in Cameron most of his life.

Survivors include his wife, two sons, J. L. Foster, Jr. of Cameron and I. L. Foster of Wilson, Texas; six daughters, Mrs. G. L. Humble of Cameron, Mrs. A. M. Warrell of San Antonio, Mrs. John W. Clark of Cameron, Mrs. J. R. Spaulding, Mrs. Bill Arthur Belt and Mrs. T. H. Wardlaw, all of Houston, and 21 grandchildren and 18 great-grandchildren.

Mr. and Mrs. Paul Graves shopped in Taylor Saturday.

Mrs. Jim Gandy of Hanover recently visited here.

Council Stumbles, Fumbles And Stalls

Garbage Pickup, New Additions, Road Equipment Discussed Only

Robert Weems, with the rightous anger of a man left too long on a hot spot and the assurance of a man who knows the in's and out's of his business, tackled the council as a whole and a few individually Tuesday night and wound up with a half smile for the half of his demand for some new trucks which was approved.

He pointed out that he now has only two trucks operating and that the city ought to supply him with some equipment or "just quit" and go out of business.

It was decided to sell the three old city trucks and an outdated cement mixer and apply the funds to a badly needed new truck, while feeling around in the gloomy bud get for funds for another truck.

Milton Schiller questioned, "Robert aren't our taxes now the same as they were in 1942?" The answer of course was yes. He continued. "Well aren't wages, expenses and upkeep higher now than in 1942?" The answer again was yes. He concluded, "Well, you can see why we can't do the same amount of free garbage pickup now for the public that we did back in those years."

The motion was put before the council by Blake to buy one new truck.

Weems reiterated that he needed three new trucks at least, The Mayor stated "You know what the finances are Robert." and Weems retored, "No, I don't know what they are, I haven't had time to check into it."

He then belligerently attacked John Andres, head of the fi nance department, stated firmly the $20,000 tied up by the water committee, asking "can you use that surplus in any way, for any part at least the amount of money need to be kept on hand to meet the bond the city let in buying the Water Company. Some of the mo ney was however, allocated to the buying of extra pipe to solve the water drainage problem on 10th street, later in the evening.

At the beginning of the evening a committee from the Chamber of Commerce, headed by Dr. George Bowman, and a committee from the Junior Chamber of Commerce, headed by Jimmy Wiggs, address ed the council and orally and by letter endorsed the mandatory gar bage disposal proposed by the city council.

Bowman, as head of the Health and Sanifation Committee, said that his committee will be ready to help the city in any way that it can to get the program started.

When asked if he thought the 75 cents a month fee would work a hardship on anyone he hesitated only momentarily and stated firm ly, that this amount is very small in comparison with a doctor or hospital bill and he thought that twice weekly mandatory pickup is the only way the garbage problem can be curtailed.

Mayor Horstman promptly got out his wet blanket and threw it over the enthusiam of the council and visiting committee members with his persistent suggestion that there should be a series of rates for customers rated on how many times they would like their gar bage to be picked up.

Blake explained that the flexible fee program would be impossible to maintain since a whole raft of bookkeepers would have to be hired to keep the records straight.

Roy Griffith dug up his bone of contention with, "Don't you think people wanting to haul off their own trash ought to be allowed to?"

Later in the evening it was brought up that John Eanes had registered another complaint about people dumping their trash on the street next to the railroad tracks.

Near the conclusion of the meeting Schiller suggested that the people be given a choice of gar bage pickup or no garbage pick up with a straw vote.

It was decided that an unofficial election will be held at the water office, with the date to be announced in the near future, so that the people can have the final decision on the garbage problem.

The next business brought before the council was a reneig on the addition of an extra policeman to the city staff. The move to hire an extra policeman was approved earlier in the year and set up on the budget, but now that the actual process of hiring has come up councilmen are pointing their fingers at "more needed" city facilities.

Will Rosebud Drown Cameron's Chances At District "Again"?

"They've done it before; They can do it again", but it's not likely that any member on the Cameron Yoemen squad will let the Rosebud Black Panthers spoil their third chance at representing the District, three years in a row.

That's what they've done, and it's high time the Yoemen settle down and give the Panthers a well needed spanking for all the trouble the team has caused in the past.

The Yoemen haven't beaten the Rosebud lvn sinc 1951 and for two yars the Panthers pulled a surprise out the bag and slapped the Yoemen two good defeats.

In 1952 Cameron could have tied with Belton for the District championship, and represented the area teams, but Rosebud beat them and the Yoemen were knocked out all together for district honors. Then last year the Yoemen rolled by all of their district opponents with hugh scores, and when they came up to Rosebud, they lost.

That knocked the district last year in a three-way tie, with Rosebud, Belton and Cameron. Rosebud won the toss and represented the district.

This year, Cameron has wins over Taylor, 21-14; Rockdale, 13-12; Georgetown, 7-0 and lost to Belton, 19-14. Rosebud has wins over Belton, 7-0; and Rockdale, 14-13 while losing to Taylor, 20-14 and Georgetown, 35-0.

The game will be played on the local stadium grounds Friday with a capacity crowd expected. This is the last game of the regular season; but if the Yoemen play up to expectations, another game will be in store for them. The final story will be told after the kickoff at 8 p. m. Friday.

SHARP GETS 2.8 Rain

An official gauge registered 2.8 inches of rain Sunday. Other guages registered over 4 inches.

Mr. and Mrs. Lester Tolleson of Austin were recent guests of her father, Paul Tag.

For the soil's sake plant a winter cover crop. Help keep Texas green.

TRADE IN CAMERON

A team of real live reindeer from the Artic zone of Alaska with Santa Claus and sleigh, on the ranch of Grady Carothers, Goldthwaite, Texas. Jack Carothers., his son, acting as Santa's helper.

The moon rides high on the new fallen snow,
To lend an air of Christmas to the scene below.
When out of nowhere who should appear,
But Santa, his sleigh, and four reindeer.
With a quick, sure movement the little man in red,
Pulled gently on their reins then it's Donder and Blitzen with Santa at the sleigh.
And Dancer and Prancer looking your way.
The reindeer pranced, then shuffled and shied,
"Look! It's old Santa Claus," the children all cried,
Their eyes blazed with excitement ----they shouted in glee,
Then moved in closer the better to see.

The scene so vividly brought out in this Christmas rhyme will come to reality in Cameron at 2:00 p. m. on the afternoon of Monday, Nov. 29, 1954. For on that day Santa Claus and his four live reindeer will parade through the town to bring the spirit of the season nearer to children and adults.

There definitely is a Santa Claus. This has been borne out through the passing years by newspapers and by word of mouth.

People from miles around will be here to view the parade, it was asserted by President Louis McKee of the Cameron Chamber of Commerce, local sponsor. Old St. Nick will pull the reins over his charges as they prance down the street, resplendent in their bright red harness with shiny, brass nameplates.

Grady Carothers, Goldthwaite, Texas, ranchman, is bringing the live reindeer here. They are a part of the herd he owns in the Central Texas area.

Several years ago, Carothers came to the conclusion that to try to satisfy his children who asked every Christmas season, "Where is Santa's reindeer?" After three years of hard work that included many letters, the ranchman finally obtained authority from our government to get the reindeer from Alaska.

Today, the only herd of live reindeer are on the Texas ranch. Their main first year diet consists principally of oatmeal just like you eat for breakfast. Each animal eats about two and one-half pounds of the cereal each day. After that they do well on peanut and alfalfa hay to replace the lichen moss they eat in Alaska. The moss is highly nutritious but transportation costs prohibit its being used on the ranch extensively.

Carothers secures his animals each year from Eschscholtz Bay 90 miles south of Kotzebue, an Eskimo village of 200 population. The bay section is a peninsula on the Bering Sea. Here, he camps in snow some three weeks each year getting his herd together for the air trip back to Txas. Temperatures where the reindeer ar capturd rang as much as 50 below zero.

The Arctic reindeer have som odd charactristics. For example, their ankles pop when they walk--a crackle you can easily hear. Their cloven hoofs are large and act as a firm foundation for the deep Arctic snows. They are completely covered with fur except the tip of their nose. They breath like a dog when warm, and regurgitate like a cow when eating.

Both male and female reindeer have antlers with a range spread as high as four feet, and with as many as forty points. Flies are their pet peeve for if one gets even close to a reindeer he shudders.

Zoos have no live reindeer, but a Texas rancher who can't sing cowboy songs, and is aptly called Santa Claus' best friend has them.

The Yuletide season will take on a new meaning for children here this year with the visit of Santa Cluas and his reindeer.

Local Baptists To Attend 64th Annual State BTU Convention In Corpus Christi

Several Cameronites will join an estimated 7,500 Texas Baptists who will spend their Thanksgiving holidays in Corpus Christi attending the sixty-fourth annual state Baptist Training Union Convention.

All those from Cameron wishing to attend have been urged to contact Jimmy Asher at the local First Baptist Church.

Sessions for the convention -- the first state-wide Baptist meeting ever to be held in the South Texas city -- will be in the new municipal auditorium.

Corpus Christi citizens have chosen the opening session of the convention for their city-wide Thanksgiving service. Dr. K. Owen White, pastor of the First Baptist Church of Houston, will preach.

Inspirational sermons and addreses by outstanding Baptist leaders will be heard during five general sessions of the convention. Besides the opening meeting Thursday morning, these include the Thursday night, Friday morning, Friday night, and Saturday morning sessions.

Speakers include Dr. Baker James Cauthen, executive secretary of the Foreign Mission Board of the Southern Baptist Convention, Richmond, Va.; Dr. James L. Sullivan, executive secretary of the S. B. C. Sunday School Board, Nashville; Dr. Forrest C. Feezor, executive secretary of the Baptist General Convention of Texas, Dallas;

Dr. E. S. James, editor of the Baptist Standard, Dallas; Dr. A. O. Webb, pastor, First Baptist church Bay City; Dr Fred Swank, pastor, Sagamore Hill Baptist Church, Ft. Worth, and Dr. Sterling Price, pastor, University Baptist Church, Abilene. Dr. L. L. Morriss, pastor of the First Baptist Church of Midland is state Training Union president.

Dr. T. C. Gardner, Training Union director for the BGCT, has announced that state-wide contests for Junior, Primary, Beginner, and Nursery children will be conducted Friday afternoon. Contests for Intermediates, Young People, and Adults will be held Saturday morning.

In three other sessions, the convention will meet by 10 departments according to age groups. In these meetings programs for the next quarter will be presented.

More than 380,000 are enrolled in Baptist Training Unions in Texas

C of C Votes To Back Garbage Collection Here

Board Members of the local Chamber of Commerce voted unanimously to support the proposed garbage collection program of the City Council, at their meeting in the Milam Coffee Shop Friday noon

Dr. George Bowman, chairman of the Health and Sanitation committee, presented the motion which was approved. C of C men pointed out that the garbage problem is becoming so great in Cameron that the State Board of Health is questioing the sanitation situation here. They decided that the City Councils recommendation on a compulsory garbage pickup is the only solution to the problem.

The special committee, composed of Leo Fuchs, Milton Schiller and Charles Brady reported that they have received notice from Clements, head of the Santa Fe Railroad office in Temple stating that the C of C request for northbound train number 66, from Galveston, arriving in Cameron at 10:03 be scheduled to make a regular stop here for the convenience of passengers.

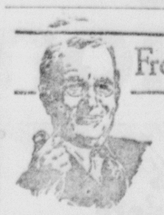
Jack Prescott reported that the Public Relations Committee greeted the Killeen fans at the depot the night of the football game here and provided a police escort for busses carrying fans. He also expressed the C of C's appreication for the efficient way in which law enforecement officers of the city police, sheriffs Department and State Highway Department conducted the reception and transportation of football fans.

Mrs. Astin R. Moody has joined her hsband, 1st. Lt. Astin R. Moody in Germany. Mrs. Moody is the former Thelma Gandy, daughter of Mr. and Mrs. Jim Gandy of Hanover. Lt. Moody arrived in Germany about a month ago and is stationed in Munich with the Air Corps.

Mrs. S. S. Hickman of Jones Prairie was a visitor in Cameron Friday.

Mrs. Jim Gandy of Hanover recently visited here.

Mrs. Abbie Blackwell and Miss Mildren Blackwell spent the weekend with Mrs. L. D. Blackwell in Cameron.



From where I sit ... by Joe Marsh

Granny Drives But Won't "Shift"

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on. "Joe," she says, "it's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

Joe Marsh

Chrysler New Yorker Deluxe St. Regis

ANNOUNCING CHRYSLER FOR 1955 WITH THE 100-MILLION-DOLLAR LOOK

IT'S HAPPENED! Here's a wholly *new* direction in automotive styling for all cars to follow. And it took Chrysler for 1955 to do it: America's top performer and the first in the coming generation of motorcars!

Come see it! Everything about it is completely new, and dramatically *different*. Here's the car with the 100-Million-Dollar Look . . . and when you own it and drive it, you'll *feel* like every million of it!

Chrysler for 1955 is long and sinewy and low. It's a sleek, clean length of steel that looks as if it might have been born in a wind tunnel. Washed free of clutter. Purposeful as an arrow shot from a bow!

New front-end . . . you can spot it a mile away! New Super-Scenic sweptback windshield . . . with corner posts that slant *back* to allow safest possible vision. New tapered rear deck. New sweeping silhouette that's inches *lower* than other big cars. New Twin-Tower tail-lights that say "Stop!" with great authority. New PowerFlite Range-Selector on the dash that completely outmodes conventional levers on the steering column. And new fashion-forecast luxury interiors that surpass in color and richness anything you've ever seen in any but custom-built motor cars!

Come drive it! *Every Chrysler is now a V-8* —with engines up to 250 HP, the most powerful type in the world. Famous Chrysler engineering brings you PowerFlite, *most automatic* of all no-clutch transmissions. Full-Time Coaxial Power Steering and new double-width pedal Power Brakes. Plus new tubeless tires! Everything is here you need . . . to drive, as well as look, ahead of all others. Come see America's most smartly different cars today. See for yourself why now, more than ever, *the power of leadership is yours in a Chrysler.*

Mrs. W. C. Freeman, Mrs. John Thweatt and Mrs. Valter White attended a district meeting of the Methodist church in Marlin Tuesday.

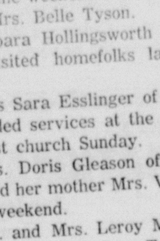
PHER AMAZED AT INCOME TAX COLLECTOR'S IDEA OF JUDGING NEIGHBOR'S INCOME TAX

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River discusses incomes this week, a matter mostly theoretical with him.

Dear editar:

It has long been my observation that some men are lamost up on the feminine level when it comes to being curious about how much money other men make, and the current controversy over the newfangled method of sending out income tax forms has emphasized the point.

As you know by now, the government has desiged a system of easy handling of income tax notices, with colored stripes around the outside of the envelopes indicating what income bracket the taxpayer is in.



While this makes it easy for the government clerks in sorting out the notices for mailing, it also gives people a chance to observe what income bracket their neighbors are in, and it's this point which has set up a howl throughout the country, lots of people contending notices ought to be sent in plain envelopes so nobody can tell what bracket they're in.

In answering this complaint, Internal Revenue Commissioner Andrews in Washington said it was a lot of political nonsense.

"In the first place," he said, "I don't know of anybody who cares who knows how much money he makes, "which, if you ask me. indicates Mr. Andrews doesn't know the same people I know.

But he didn't stop there. He went on to say: "If people want to go snooping, they'll find out anyhow. There are a thousand and one ways to approximate a person's income -- by the way he eats, dresses, the number of children he supports, the automobiles he drives."

When I read this, I had to get up and walk around the room to make sure I was reading it right.

If there's any way to tell what a man's income is not, it's following the plan Mr. Andrews outlines. Some of the best dressed people I ever saw owned the most money and had the least chances of ever paying it back. Any banker who set out to judge a man's income by the clothes he wears, or the clothes his wife wears, wouldn't be in the banking business long. Drivin a long automobile these days days ain't no more of an index to your income than owning a television set or an inner-spring mattress. Judging a man's income bracket by what he eats is about as accurate as estimating the size of his house mortgage by the way of his bathtub. And as for judging children he has, I tell you, that floors me. Maybe it can be done in Washington, but it sure can't out here in my neck of the woods.

By the way, yesterday mornin a man in a new 1955 convertable stalled on the orad out here near by place and asked me to lend him a dollar to get some gas with. What income bracket you reckon he's in?

Yours faithfully,
J. A.

First "Dad's Night" Held At Cameron-Belton Ball Game

The first "Dad's Night" was observed at the Cameron Yoemen-Belton Tiger football game Friday night in connection with the homecoming activities planned for the weekend.

The fathers or representatives of the boys playing on the squad wore numbers correspondening to the players and sat on the sidelines during the game. They were recoganized prior to the opening kickoff.

Foster Children Introduced To Pythian Parents At Annual Roll Call

Five foster-children of 161 Cameronites made themselves known and beloved through their sincere and straight - from - the - shoulder talks Monday evening.

The parents are the members of the Knights of Pythias and the children are five of the older inhabitants of the Rutherford Home in Weatherford, Texas, which is sponsored by the Knights of Pythias.

The five proud young people with clear, sincere, voices thanked the members for the "second chanc" and proved through their presenc, assurance and talks what the organization is accomplishing when they provide the funds for all their adopted children now at Weatherford.

They were introduced by Hugo Horstman, superintendent of the school, who made no effort to hide his love and pride in his "children" He thanked Cameron sponsors and told of the children and their aims at the Home with an underlying tenacious thread of Christianity strengthening his outline of childrens activities at a home dedicated to children needing a home.

The first girl to speak was Wanda formerally of Cameron, who has lived at the home for 10 years, having been sent there through the efforts of M. G. Cox.

In an unwavering voice she thanked the K. P. 's for giving with an open heart, emphasizing that she and many others had received a whole new outlook on life due to the generosity of Pythians.

Sharon, formerally of Houston, a protege of the home for four years, was the next to speak. She told of the real security found at the home and reminded members that the most important factor in the life of any child is that childs home and what it means to them.

Gregory, a member of the Rutherford family group for a number of years, was introduced next and in a matter of fact, resonant voice told of his early years in war-torn Europe with the Russians moving into his country while the families were in Church on Sunday and hanging the minister in his own pulpit to show that a complete lack ed and spent two years in a pri- of Christianity would be enforced.

He remembered back to when he and several others wer capturson camp and th hardships while there.

His short life moved rapidly on and he was transported to America where he worked on a farm outside of Cameron. The farmer later sold his cattle however, and Gregory was once more without a home. He pled to be accepted into the Rutherford home and after much red tape and personal efforts of Superintendent Horstman was admitted.

He is now studying voice one night a week at T. C. U. and demonstrated his vocal skill by singing two numbers for the entertainment of the members.

Last to speak was Morey, a sened the members for their assistance at the home and reminded them that it is necessary for every adult in a communiity to set a good example for the youth around them in every-day life.

Doris, at the home for 10 years accompanied Gregory at the piano and supplied the music for the numbers sung by the members at the geginning and conclusion of the pro gram.

Niley Smith acted as master of ceremonies and gave an impressive welcoming address, particularly honoring the wives of deceased members, Mrs. Lina Kemp, Mrs. Gillis, Mrs. M. G. Cox and Mrs. W. O. Triggs, the later two were not present.

The roll call of the 161 members was made by Allen Dodson and the visitors, Mr. and Mrs. Nathan Lewis, Mr. and Mrs. Charlie Wooster and Mr. and Mrs. John Florida were introduced and welcomed.

A table laden with barbecued beef sandwiches, potato salad, potato chips, pork and beans, cakes pies, coffee, cold drinks and other delicacies were served buffet style to those attending.

Methodist Students Plan Conference For Thanksgiving

Several hundred Methodist students from colleges and universities throughout Texas will gather on the campus of McMurry College Abilene, Nov. 26-28 for the annual Thanksgiving conference of the Texas Methodist Student Movement

Featured speakers for the two day meeting will be Rev. Henry H. Crane, pastor of Detroit's Central Church, and Rv. Lynn Hadcliff, pastor of Hyd Park Community church, Cincinnati, O.

Another special feature of the conference will be a religious drama to be presented by the Wesley Players of Texas Technological college, Lubbock.

Theme for the conference is "Christ Changing Conscience." Pur pose of the meeting, say student leaders, is to provide fellowship and inspiration for leaders and members of Methodist student groups throughout the state.

Recreational activities will be directed by Julius Schott, chairman of the publicity department at Wylie College, Marshall.

Richard Deats of Big Spring, a 1953 graduate of McMurry, is president of the state-wide Methodist student group for 1954-55. Deats is now enrolled at Perkins School of Theology, Southern Methodist University, Dallas.

All meeting during the two-day conference will be held in Radford Memorial auditorium.

Mrs. Verna Vick Entertained With Shower

To honor Mrs. Verna Mae Vick, bride-elect of Norman Rosentreter, Mrs. Allena Tiller entertained with a miscellaneous shower Thursday, Oct. 14.

After the conclusion of games and contests, Mrs. Vick was presented with her gifts.

Refreshments of sandwiches cake squares and iced drinks were served buffet style. The table was laid with white brocaded cloth and centered with a pink and blue satin umbrella and queen's wreath with pink candelabra.

Fords New Fairlane Is Completely New, Modern And Luxurious Car

Ford dealers are introducing an entirely new luxurious line---the high-styled Fairlane series --- as the leader of its four lines of 1955 passenger cars now being shown in the Hefley-Stedman showrooms in Cameron.

The new Ford Fairlane series, named after the home of the late Henry Ford, includes a completly new styling idea -- the Crown Victoria model. This car has an arch of chrome over the top like a tiara. It also is available with a transparent plastic roof over the driver's compartment.

Like all 1955 Fords, the Fairlane models have a new concave grill composed of a sturdy chrome plated grid Fairlane cars are immediately recognized by a chrome trimline which starts on top of each fron fender at the headlamp and follows the curvature of the fender downward - then sweeps along the side to the tail lights. Hooded headlamps give the high front fenders a forward thrust look while rear fenders form a reverse angle above larger tail lamps. All the new Fords have a flatter hood and a longer rear deck.

New upholstery fabrics, many developed especially for the 1955 Fords, are available in a broad selection of colors and patterns. Thirty-five textile mills were contracted in the development of special woven plastics, decorator fabrics and vinyls created exclusively for the new Fords. They are matched with 13 exterior colors in single tones and also in a variety of new and unusual two-tone treatments on the Fairlane series.

Modern styling inspired by Fords new Thunderbird personal car distinguishes the new Fords. Retaining definite characteristics which have won Ford style leadership, the 1955 Fords also have a wraparound winshield and a new, lower silhouette. The Crown Victoria -- new model - is the first Ford sedan under five feet in over-all height.

Ford, which offered the first V-8 engine in the low price field in 1932 and has built 14 million V-8s since, introduces for the first time three new engines:

A high compression Y-block V-8 engine of 272 cubic inch displacement and an 8.5 to 1 compression ratio.

A powerful Y-block V-8 engine of 272 cubic inch displacement and a 7.6 to 1 compression ratio.

An improved 6 cylinder I-block engine of 223 cubic inch displacement and a 7.5 to 1 compression ratio.

Dual exhausts, which provide extra power, are standard on all Fair lane V-8 and station wagon models.

Ford's new high compression engine available only with Fordomatic transmission in the Fairlane series, has a four-barrel carburetor; high compression cylinder heads and high capacity radiator. Ford's popular V-8 and 6 cylinder engines are available with any of the 16 Ford models for 1955.

Mrs. Jack Small Honored With Stork Shower

Mrs. Henry McLane and Mrs. Jim Crouch honored Mrs. Jack Small with a stork shower Friday, Nov. 12, in the home of Mrs. McLane.

Mrs. T. J. Worbington of Okla. City, was in charge of games. Winners of the games were: Mrs. Small, Mrs. Stewart Perkins, and Mrs. Florence Cannon. Each winner presenting the prize to the honoree.

Mrs. Small was presented with her gifts by Mrs. Crouch, who rolled in a pink and blue bassinet filled with gifts.

Refreshments of pink and white open-faced sandwiches, pink cake squares and punch were served buffet style to 20 guests.

Mrs. Verna Vick Becomes Bride Of A. J. Rosentreter

Mrs. Verna Mae Vick, daughter of Mr. and Mrs. H. S. McLane, became the bride of Norman Rosentreter, son of A. J. Rosentreter of Lubbock, in a double ring ceremon at the Christian Church parsonage, Saturday morning, Nov. 6 with Rev. H. J. Brown officiating.

The bride wore a dark mauve suit trimmed in pearl with Navy accessories and an orchid corsage.

Her sister, Mrs. T. J. Worbington, was matron of honor and wore a pastel mauve suit with charcoal accessories and a corsage of roses. T. J. Worbington, brother-in-law of the bride, was best man.

Following a honeymoon trip to South Texas and Mexico, the couple will make their home at 611 Shepherd, Houston.

K. C. Council Holds Memorial Service For Deceased

At their last regular meeting Nov. 11 the Knights of Columbus Cameron Council 2338 held their annual memorial services for deceased members of their council. Rev. Clyde Holtmann, chaplain, was principal speaker.

At this meeting Grand Knight E. O. Schiller, Jr. announced that the annual Christmas Program for Knights and their families would be held Sunday, December 12 at 7:00 p. m. The highlight of this program will be a choir from St. Edward's University, Austin.

The children will then be entertained by Santa Claus with gift packages.

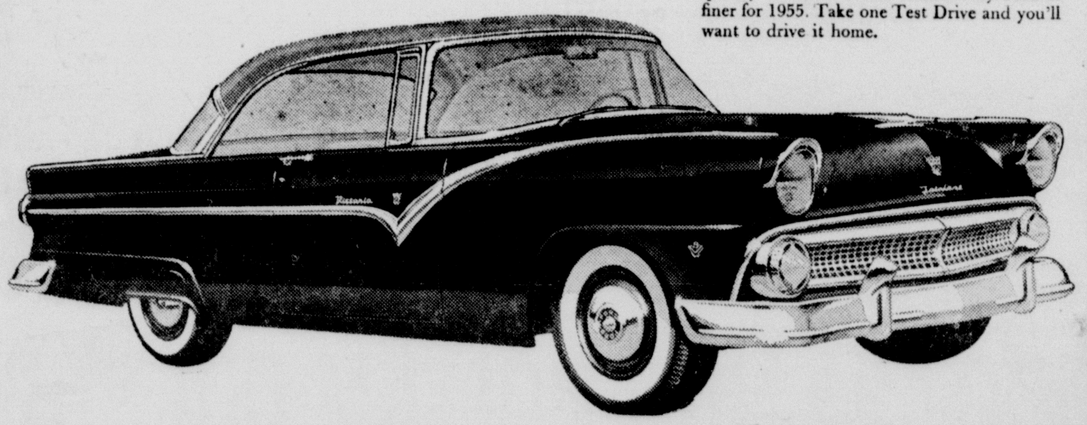
Today's the day to choose your '55 FORD!

See new styling...today!
[INSPIRED BY THE THUNDERBIRD]

The Ford Thunderbird, the personal car that's been causing such a sensation, served as styling inspiration for the 1955 Ford Cars Take one look at Ford's longer, lower, roomier dimensions—huge wrap-around windshield—new color-keyed interiors . . . and you'll quickly see some of the reasons why Ford is finer for 1955. Take one Test Drive and you'll want to drive it home.



Try new power...today!
[TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES]

For '55, there are three high-torque Ford Engines. There's the 162-h.p. Y-block V-8 with higher (7.6 to 1) compression ratio. Then there's the still mightier 182-h.p. Y-block Special V-8 which is teamed with new Speed-Trigger Fordomatic Drive and offered in Fairlane and Station Wagon models. And there's a new 120-h.p. I-block Six—the industry's most modern. All have traditional Ford economy.

Select from 4 new series...today!
[16 NEW BODY STYLES]

Today you're bound to find your dream car among the 4 new Ford series for '55. What's more, to make your dream car come even "truer" Ford has new Angle-Poised Ride to cut road-joint jar up to 15%. Then, too, your Ford can be as automatic as you want it with *all* the fine-car power options.

You're cordially invited to Test Drive the '55 FORD today!

Guard Adds 3 New Members

The local National Guard Unit, Battery C, 649th Anti-aircraft Artillery Battalion, gained three more members during the past two weeks, it reported today.

John L. Brock, Claro Canizales and George E. Burwick were listed as the three newest Guardsmen. Brock and Canizales enlisted in the unit during the previous week; Burwick was sworn in during the Armory drill period on last Tuesday evening.

The three new members of Battery C are all students in local schools.

Milady Biskup, Fred Babra To Wed Saturday, Nov. 20

Miss Milady Biskup and Mr. Fred Babra will exchange nuptial vows Saturday, November 20 at 8:30 a. m. in Saint Monicas Catholic Church, Cameron.

Miss Biskup is the daughter of Mr. and Mrs. Will Biskup of Cameron and the groom's parents are Mr. and Mrs. P. Babra of Caldwell.

Miss Biskup has announced that her honor attendant will be Miss JoAnn Coody of Bryan. Bridesmaids are Miss JoAnn Biskup, sister of the bride and Miss Rose Marie Janek.

Attending the groom as bestman will be Bobby Biskup, brother of the bride while groomsmen are Edward Biskup, brother of the bride and Elmo Hurry, of Waller.

A pre-nuptial party honoring the bride was given recently by Miss JoAnn Biskup and Miss Janek in the Biskup home. Approximately fifteen guests called during the appointed hours.

School Board Convenes For Short Session Tuesday Night

School Board members met in regular session Tuesday evening for a condensed meeting covering immediate school problems.

All school principals were present to relate their activities with C. L. Sadberry reporting that his teachers cars are now being parked on the street and that Commissioner Markahm has promised to fill in the holes on the O. J. Thomas school campus.

After the principles retired from the meeting Dr. Swift, president o the board, stated that the "powers that be" on the city council, after individual consultation with each school board member were repairing the street in front of Ben Milam School and moving the radius points back seven feet.

Herbert Colburn and Frank Reid were appointed to count the results in the recent school tax election and later reported that 48 votes were cast, all voting in the affirmative.

Dr. Swift, before dissolving the tax election discussion stated that the election was an indication of what publicity can do. Without it what might have been an important thing, Dr. Swift added, proved so unimportant that only 48 votes were cast.

After discussing insurance momentarily William Voglesang gave Swift and W. T. Hanes, superintendent voicing their combined suggestion that an open house and formal opening be held at the school sometime in the near future.

Hanes suggested that the opening be held the first part of December or before and that Dr. Edgar, head of the Education Agency be contacted and, since he was been working on the situation of a new building since its inception, give the main address.

Board members decided to have the opening and ceremony the 21st of November or the first Sunday threafter possible.

One of the board members stated that A. N. Green wants his $1,000 yet due on the sale of his property to the school, and members decided to give him the money on receipt of necessary papers yet due.

In the interest of good will board members discussed letting all patrons into the B and C football games in the future free, since only a minority has been turning out and a minimum of money would be lost.

Last on the agenda was a short discussion on the old Milam County Institute building, which is being torn down, with members deciding to contact John Henderson to see if he would plan appropriate ceremonies for opening the cornerstone and made arrangements for having it laid in a suitable place for posterity.

It was brought out that the bell in the old school belonged to the Methodist Church.

Hanes said, "We've got a bell but we don't know where it is." (referring, presinably, to the bell won in the Rockdale football tilt but never presented.)

The monthly expenditures were closely examined by the board with a number of questions asked, although the method of distribution of green stamps from a local oil company, which amounted to over $470 last month, was not broached, a report on the buildings in outlying communities no longer used by the school and gave a short summary on which ones could be sold along with the land.

Two buildings and grounds, the Curry Colored and Hoyte Colored this was a fair indication schools had clear deeds. The building at Srting Prairie was pronounced the only property of the school property and the Watts-back to owners when not used as school propertyand the Watts-Switch school deed had only one stipulation. that "no p%reaching of ever be held on said property".

Next the board talked at length on the Ben Milam school with Dr.

Teague Seeks To Aid Centex Cotton Farms

Special consideration in allocation of next year's acreage quotas for individual cotton farmers who suffered crop failures because of the drouth has been urged by Rep Teague (D-Tex).

Teague discussed the matter at the Agriculture Department and has requested he be given acrag quota figures for counties in his Central Texas district as soon as they are available.

Agriculture Secretary Benson recently set the 1955 national cotton quota under the crop control program at 18,113,208 acres. The Tex-

A county by county breakdown as quota is 7,612,779 acres.

of the figures will be available Dec 1.

"The department disclosed in announcing the Texas state quota," Teague said, "that it had added a million and a half acres to the 1953 base period used in calculating Texas' quota.

"This readjustment was made because of drouth conditions. I have urged that in the distribution of the additional acreage allotments resulting from the increased 1953 base figure, special consideration be given the small cotton farmers who have been hard hit by the drouth."

New Farm To Market Roads To Be Started In Milam County

The Texas Highway Commission has taken the first step to inaugurate a new two year Farm-to-Market Road Program for Texas. E. H. Thornton, Jr., Chairman of the Texas Highway Commission stated that the funds for this program are being derived from the Federal Aid Highway Act of 1954, matched with State highway funds on a dollar-for-dollar basis.

John E. Blair, District Engineer of the Texas Highway Department at Bryan, Texas has stated that the following farm-to-market roads in this area are scheduled for work under this program:

In Milam County, from end of F. M. Road 437 at Bell County Line South to Val Verde, a distance of approximately 7.1 miles.

In Milam County, from F. M. Road 485 at Yarrellton North to Bell County Line, a distance of a-p proximately 2.8 miles.

In Milam County, from end of F. M. Road 487 at Davilla West to Bell County Line, a distance of approximately 1.8 miles.

Mr. Blair stated that this year the commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announcd that work will begin on these projects just as soon as final planning is completed and right-of-way secured. Resident Engineer Joe G. Hanover will be in charge of the work in this area.

42 Leisure Club Celebrates 19th Anniversary

Members of the 42 Leisure Club celebrated their 19th anniversary this week with a turkey dinner.

The ladies and their husbands were feted with a dinner at the National Club, with Mr. and Mrs. Alfonse Mikulec as hosts, with 42 games following.

During the dinner Mrs. Leo Laake, preseident of the club, made a short talk on the history of the club.

A dinner of turkey, dressing, cranberry sauce, olives, pickles, potato salad, tea and coffee was served, with Mrs. Leo Fuchs giving the invocation.

High for the men for the evening was Richard Hollas with Mrs. August Kunz winning high for the ladies.

Mr. and Mrs. Gene Mees won the 84 score.

Visitors were Mr. and Mrs. Mees and Mr. and Mrs. Henry Brown.

The next club meeting will be at the home of Mrs. August Gurecky.

Sara McCalla DAR Meets In Coulter Home

On Thursday, November 4, at 3:00 p. m. the Sara McCalla Chapter, Daughters of the American Revolution, met in Rockdale in the home of Mrs. H. T. Coulter. Ten members and a guest, Mrs. Ted Ryan, daughter of Mrs. Coulter, were present.

Mrs. J. C. Freeman, Regent, called the meeting to order and led the group in the reading of the ritual. The pledge to the flag was led by Miss Alice McGehee. After the minutes were read and approvd, a short business meeting was held. The Registrar, Miss Alice McGehee, reported that one member, Mrs. E. B. Phillips of Rockdale, had been lost by death, and that a new member, Mrs. D. E. Currie of Lott, had been added.

The Regent, Mrs. J. C. Freeman gave the club highlights of the President Generals message; National Defense notes were given by Mrs. Gils McDermott, National Defense Chairman. Mrs. B. J. Baskin, vice-regent, conducted a quiz program bringing out facts concerning the schools supported by the Daughters of the American Revolution.

Miss Alice McGehee had charge of the program for the afternoon and presented a paper on "Religious Influence in Colonial Times". The paper was both interesting and informative.

The hostess, assisted by her daughter, Mrs. Ryan, served a delicious salad plate with hot tea.

Mrs. John Henderson will be hostess to the group on December 2, at which time a Christmas story will be given by Mrs. Eber Flinn.

SMU Dedicates 29th Permanent Building Since World War II

The 29th major permanent building to be erected at Southern Methodist University since the end of World War II was dedicated Thursday, Nov. 4.

It was the $1,500,000 Joseph Wylie Fincher Memorial Building for the SMU School of Business Administration.

The building was provided SMU in the will of Mrs. Pearl Nored Fincher, Prominent Texas clubwoman who died in 1952, and bears the name of her husband, the late Houston financier.

College Survey Shows Emphasis on Practical Business Courses For Young Collegiates

A survey of 150 colleges, conducted by Ralph E. Stolkin, noted business executive and industrialist of Chicago, shows that college presidents, deans and educators generally favor greater emphasis on practical business courses for the young people now in college. Most of them agreed that the majority of American college and university graduates are economically illiterate. For the most part, they cannot read an ordinary market quotation or understand the simplest statement found in a corporation report.

Mr. Stolkin is president and a member of the board of directors of a number of industrial companies. The firms with which he is actively affiliated employ 3,500 persons, many of whom are recent college graduates. Thousands of college graduates have been interviewed in the last several years by the firms with with the Chicago industrialist is associated.

In conducting his business-education survey, Mr. Stolkin wrote to 150 college presidents in all parts of the country. The educators agreed that more emphasis should be placed on practical, every-day business courses. A number said that as a result of the Stolkin study, they planned to change their college curricula to include business courses for all students. Many others said that they would explore the question at great length this fall, with the view toward introducing practical, how-to-do-business courses for their students. Still others urged that a conference of business leaders and college officials take place early this fall.

Many college and university presidents proposed that a course be required of all students in the fundamentals of Business educatio.Although this might not be feasible in some of the liberal arts colleges, the educators suggested that the curriculum be organized so that a basic business course be introduced for the majority of students, whether or not they planned to enter upon a business career.

The college authorities generally agreed that the graduate should have a sound knowledge of simple business transactions and financial operations that are encountered in the daily life of the average American citizen. Typical of the comment by the college officials is this by President Richard A. Harvill of the University of Arizona:

Others agreed with Dean R. A. Stevenson of the University of Michigan School of Business Administration that "Mr. Stolkin has raised a question which merits considerable thought on the part of both businessmen and faculties".

Most agree with Dean M. B. Martin of Saint Louis University that "there is plenty of room in a college program to put in a rational, practical, and still very academic course in economics". As the head of the Business Department at Central College (Fayette, Mo.) put it: "All students shou'd be provided with the mirimum of an understanding of the rudimentary business and financial operations with which most of them will have daily contact".

The American society, free enterprise, and democracy itself, will be strengthened as a result.

Committee Appointed For Methodist Church Homecoming Nov. 21

Preparations are being scheduled for the annual homecoming at the First Methodist Church on Sunday, November 21.

The following committees have been selected: Executive Commitee Dr. Mark C. Magers, Mrs.Charles C. Smith, Jr., O. B. Horstmann, A. W. McCullin, Oxsheer Smith, E. A. Perrin, Niley Smith, Jr and Mrs. Carroll Green.

Invitation Committee members are Oxsheer Smith, Mrs. John Henderson, Mrs. W. O. Triggs, Niley Smith, Mrs. Howard Baskin, Mrs Jim Kemp, Mrs. Jeff Kemp, Mrs. W A. Bonds and Mrs. Winnie Witliff.

The foods committee, in charge of both preparation and serving, are the W. S. C. S. members and Mrs. Charles Smith.

Food and Coffee committee will be the Methodist Men. E. A. Perrin, chairman, Roy Griffith, Henry Seibman and Fred Reno.

Program and Registration committee members are Dr Magers, Leland Green, Jr. chairman, Mrs. Joe Hickman, John Henderson, Richard Williams and Mrs. Carroll Green, chairman, Dr.

On the Publicity committee are Gus Evans, Gene Blake, Don Humble and Dwight Moody.

TSA Pleads For Pedistrians To Watch The Lights

"Wait for the Green!"

This advice was given to Texas walkers today by R. B. Roaper of Houston, President of the Texas Safety Association, and Chief Safety Engineer for Humble Oil & Refining Company as he announced the November Pedestrian Safety program which is being sponsored in Texas by the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council.

"Too many pedestrians in our state react to traffic lights as if they were something set up to harass the walker rather than to help him," he said.

"Traffic lights are installed to protect pedestrians and motorists," he said, "and the walker who ignores or flaunts them is not asserting his independence, but throwing away his safety.

"This also goes for obedience to traffic officers and all traffic signals. As tax payers, pedestrians and motorists are paying for these traffic safe-guards. In general, they recognize the necessity for them. But when they can get some personal benefit from these safeguards, many citizens don't take advantage of them. That's not exercising good business judgment.

"It's especially important for pedestrians to take advantage of all traffic safeguards during the winter months," Mr. Roaper said.

He pointed out that the greater number of hours of darkness and the prevalence of rain cut down on the visibility of motorists and pedestrians. "Another hazard," he said , "is the holiday shopping which begins at this time of year.

Mr. Roaper cautioned walkers against carrying bundles that obstruct vision, huddling behind umbrellas, and stepping off the curb without first looking both ways.

"If you stay alert and take advantage of all the traffic safeguads provided, you CAN stay safe in traffic," he said.

Oil Operations Continue To Increase Here

"Oil" is becoming the by-word of residents of Milam County since new operations in the immediate area are starting in the near future.

In just a few days the Texas Gulf Sulphur Company will reportedly start on its No. 1 Fee, to be an 8,000-foot wildcat in the Jose Leal Survey. This test will be about three and one-half miles north-west of Milano, three miles east, slightly south of the Minerva Field. It is south of the O'Neill wells owned by Houston-Oklahoma Oil Co., and about 12 miles west of the Byrd Oil Co. deep gas-distillate well near Gause.

It is also reported that Houston-Oklahoma has a fifth test ready to start on the O'Neill land, and has locations for three more.

The Texas Gulf test is on a tract referred to locally as the old Baker land, and which Texas Gulf bought for lignite coal rights many years ago. Recently the Company has leased some 1,500 to 2,000 acres around the old land.

Mr. and Mrs. Henry Dreyer and Beverly King attended the Veterans Day celebration in Brenham Thursday.

Bassel Wilson is under going surgery at Bethania Hospital in Wichita Falls. He will remain there for a week to ten days.

SCHILLER MOTORS

7th & TRAVIS PHON E131 CAMERON, TEXAS

COMMITTEE —
17 Milam County got more money under the 1955-56 Federal aid secondary program than any other county, amounting to $215,000.

"Fifty per cent of this money is federal with the funds to be applied to 3 projects: seven and onetenth with the funds to be applied to three projects: seven and one-tenth miles, from the end of 437 at Bell County line south of Val Verde, costing $154,000 (including about $50,000 for bridge across Little River); two and eight-tenths miles from the end of 485 at Yarrellton north to the Bell County line costing $39,000; and one and eight-tenth miles, from the end of 437 at Davilla west to the Bell County line, costing $22,000."

Judge Smith stated that he thought, "The idea that Washington is going to come down to Milam County to pay for all of our roads is fantastic, also the idea that if we do the work ourselves we will no longer receive funds from the state and federal governmnt is equally fantastic. A good illustration is Leon County that built its own roads, completing approximately 100 per cent of milage recommened by the State Highway Department under the Fedral Aid secondary program mentioned above; they received no milage but got $70,000 to be used to continue their cooperative program with the State Highway Department."

When asked for information on the 30 cent tax Judge Smith stated that if such a tax had been levied in 1954 it would have yielded $72,000 even though homestead property up to $3,000 would have been exempt. About 25 major tax payers, Utility Companies, Banks and Alcoa paying the largest portion, approximately $26,000, of that amount.

He also explained that Milam County taxpayers have been paying the 30 cent tax to the Brazos River Authority for the past 30 years with, in his opinion, little value received there from and he expressed puzzlement as to why major taxpayers were willing to pay the Brazos River Authority taxes for 30 years and now opposed paying it to do something worthwhile here at home.

He concluded that he found it difficult to understand a business being against good roads when the prosperity of his company of business depended on the transportation of his customers, patrons or employees.

Tigers Score With 17 Seconds Left To Spoil Annual Yoe Homecoming

In a slam, bang District 22-AA Homecoming contest here Friday night the Belton Tigers sneeked over a touchdown with 17 seconds remaining in the ballgame, to win this highly important game, 19-14 over the Cameron Yoemen. Although losing, the Yoemen outplayed the red and white Tigers all around but Belton got the breaks. Three Yoemen drives were stopped as the Milam County boys moved into Belton Territory, with the last drive ending on the Belton 20 yard line and one second remaining in the ball game.

Prior to the game, Miss Elizabeth Newton, daughter of Dr. and Mrs. W. R. Newton, was crowned the 1954 Homecoming Queen.

Also recognized during the pregame activities were the fathers of the Cameron Yoemen. This first "Dad's Night" proved to be very successful.

The first half was a see-saw battle and Belton tallied their first six points to lead 6-0 at the half. But the capacity homecoming crowd was kept on their feet most of the second half as the two dual-powered grid machines roared at each other.

Late in the first quarter the Yoemen moved to the Belton eleven yard line after Leon Beale, fullback intercepted a Belton pass and skirted his way 57 yards ending up near the goal post. But a fifteen yard penality against the Yoes brought the ball out and after several attempts, Belton held and took over on downs. The first quarter ended 0 - 0.

After exchanging the ball six times in the second quarter Belton made a fourth down gamble which paid its way and drove all the way to the first touchdown of the game.

Deep in their own territory, the Tigers had a 4th down coming up, ran it, gained enough yardage for a first and continued the long touchdown-bound drive.

Jimmy Mecom, Tiger fullback who is only a Sophomore, ran 65 yards for the touchdown. The extra point after was no good and Belton lead 6-0 with the half ending moments later.

The second half began with a thrilling play by the Yoemen and set the pattern for both teams in this half. Benny Massengale's kick was fumbled and Cameron recovered on the Belton ten yard line. Joseph Michalka, quarterback, kept on a sneaker play for the 6 points. Leon Beale and Buddy Thompson both lugged the leather before the TD was made. George Absnaider kick after TD was good and Cameron took the leading role 7-6, with less than a minute gone in the first half.

A mix up on the ball field caused the Yoemen what might have been a T. D. The officials did not see the clock run out of time and Cameron ran a play. Jimmy Rettig skirted through the end zone but a penality nullified the touchdown and the ball was moved out. After several moments of delay the boys changed end of field and from that point Belton got a break in the ballgame. Belton's Cooper grabed a fumbled pitchout and took off for a 70 yard touchdown run. The point after was no good, Belton lead 12-7.

Moments later Belton again moved near the Cameron goal line after intercepting a Michalka pass. But the good old Yoe line held and Belton retreated instead of gaining.

After the punt, Cameron went approximately 95 yards for their second touchdown with Rettig racing a final 37 yards for the TD Absnaider's kick was good and Cameron again lead 14-12. Rettig and Beale took turns pounding the yards in that scoring drive with Rettig getting runs good for about 5, 5 and 37 yards. Beale gained yardage good for 5, 26, and 12 yards.

Belton came back after the kickoff and headed straight for paydirt. Mecom scored with seventeen seconds remaining in the ballgame. The kick after touchdown was good and Belton was out front 19-14.

Never say a Yoe team gives up. The Cameron lads fought desperatly back as Michalka hit Joe Lee Heitman with a pass good for 35 yards and Cameron was in a scoreing position on the Belton end of the field. With one second left Michalka again attempted a pass to Heitman who was in the end zone, but the ball dropped short and the ball game ended, Belton 19, Cameron 14.

The whole Cameron backfield shared the honors of the tugged up pigskin affair. However, the Tiger defensive had Rettig closely watched. Leon Beale played one of his best nights of ball and Clifford Angell showed up in the defensive backfield. Mecom was the Belton standout.

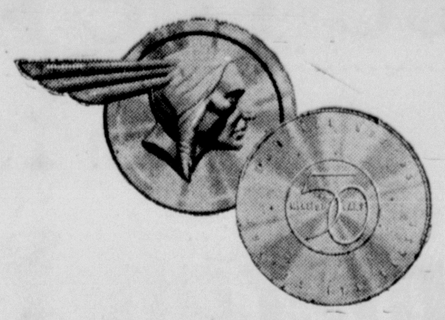
From know-how gained in building

50 MILLION CARS



comes an all-new General Motors masterpiece

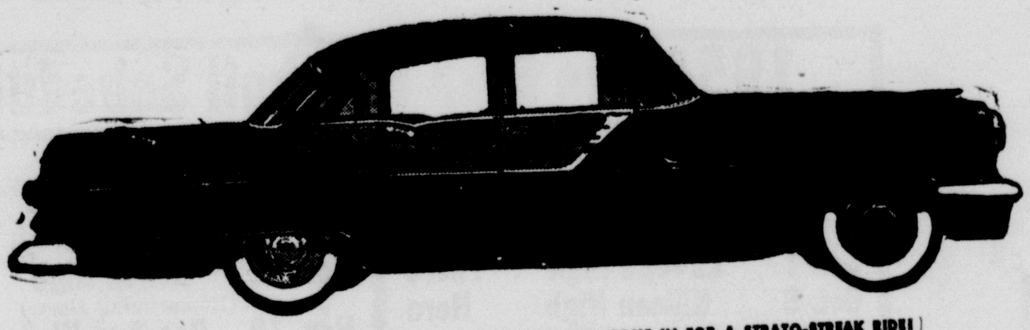
PONTIAC FOR '55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in the achievement General Motors is now celebrating—the vast experience gained in building 50 million cars. *Research experience* that uncovers what you want and need. *Design experience* that creates new trends. *Engineering experience* producing more dollar-for-dollar quality year after year.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report the new handling perfection brought about by recirculating ball steering and other advancements in the all-new shock-proof chassis. And let the great new Strato-Streak V-8 whisper its tale of getaway, response and compelling power that make driving a brand-new experience.

Then let us tell you about Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty. Come in soon and get the exciting facts!



SPECIAL GOLDEN CARNIVAL OPEN HOUSE THIS WEEK END. COME IN FOR A STRATO-STREAK RIDE!

Juniors Win Football Parade

Contagious staccato drums, lifting the heart and providing the beat for the marching feet of Yoe High schoolers in the pre-Homecoming game parade through down town Cameron Friday morning.

The parade, led by the band and composed of floats representing the efforts of each respective class, circld the square and ended on the courthouse lawn where Coaches Leo Jackson and J. R. Young spoke at a pep rally.

Three businessmen acted as judges for the parade. First place was presented to the Junior class whose float featured a comically attired tiger sitting at an old-time caliope and when Mary Frances Zarosky lashed him he played "Hold that Tiger" to the amusement of spectators and Junior class members.

The freshman class was awarded the second place title with their float which was dominated by a huge silver loving cup representing the championship of District 22AA and at the foot of the cup a boy knelt, deftly bandaging a badly wonded tiger.

Seniors, whose theme was "Charm the Tigers" depicted an Egyptian lovely playing the lute to the fascination of a tiger which rose from the large bowl in which it was placed. They were awarded third place.

Sophomores were awarded forth place for their float which had as its theme, "History Repeats Itself". Seated on the float were two ex's, Mrs. Margarette Michalka and Miss Patsy Michalka.

Farm Census To Start Here November 29

Field work in the 1954 Census of Agriculture gets underway locally on November 29 when a force of enumberators will start visiting every farm in the area, according to field supervisor J. Baumgardner of Austin.

Farm census questionnaires have been mailed to all farm operators. The enumerators will visit all local farms to collect the questionnaires and, if necessary, assist the farmer in filling out the report form.

The 1954 Census of Agriculture is the 16th in a series of nationwide farm enumerations, the first of which was conducted in 1840. The Census of Agriculture is taken at five-year intervals to provide up to date statistical information about more than five million farms which supply food and raw materials for manufacture of goods used by the people of the United States, now numbering about 162.5 million. The current census will yield information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment and selected farm expnditurs.

Field Supervisor Baumgardner emphasized that all information about individuals and their farm operations furnished to the Census Bureau is held in absolute confidence under Federal Law. It is used only to provide summary figures such as totals, averages, and percentages. The information on an individual report cannot be furnished to any one other than sworn Census employees andthuscannot

THURS. NOV. 18, 1954

Teachers Meeting In Fort Worth On November 25

W. T. Hanes, superintendent of Cameron Public Schools, stated that he did not know how many teachers from the local schools will join more than 10,000 fellow educators for the 76th annual convention of the Texas State Teachers Association at Fort Worth November 25-27.

Nationally-known authorities on education will speak at the three general sessions and at many of the 45 sectional meetings pertaining to very phase of education of interest to Texas teachers.

Principal speakes at the general sessions are Dr. Herold O. Hunt, editor of Think and education consultant for International Business Machines Corporation of New York City; Waurine Walker, president of the National Education Association and director of teacher relations and certification for the Texas Education Agency; H. W. Stilwell, chairman of the TSTA Legislative Committee and superintendent of schools at Texarkana; and Charles H. Tennyson, executive scrtary of TSTA.

Scheduled to speak at the final session of the convention, Mr. Orton will talk on "The Human Side of Administration." Participants on the panel immediately following Mr. Orton's discussion will be Dr. Roy Hall, executive director of the Texas Association of School Boards chairman; Frank Monroe, president of the Texas Association of School Administrators; Mrs. Gertie Hay, president of the Texas Classroom Teachers Association.

Over 100 other leading educators and laymen will participate on the programs of sectional meetings, breakfasts, luncheons, and dinners.

The association will consider numerous matters of proposed legislation which it may sponsor before the next legislature to improve the state's public schools.

Rain Responsible For Accident

Charles L. Lake, of Houston, who was driving a 1950 Chevrolet, crashed into the rear end of an Arrow Bus on Highway 190 on the outskirts of Buckho'ts Sunday afternoon. No injuries were reported.

The accident, termed unavoidable, was a result of the heavy rain, which obscured the vision of Lake, who was accompanied by his wife, until he was too close to the bus to apply his brakes satisfactorily. He slid into the rear of the bus badly damaging the left front and side of his car with no great amount of damage to the bus.

Senator Gore To Be On "Reporter's" Roundup" Tonight

Senator Albert Gore, Democrate of Tennessee, will be questioned by two well-known reporters on the subjct of the Dixon-Yates contract tonight on "Reporter's Roundup", a network radio presentation of Facts Forum and the Mutual Broad casting System. The Dixon-Yates contract, just signed by the AEC, has found stiff opposition from Senator Gore and others, who claim that it is the first step toward the destruction of the Tennessee Valley Authority, and further, that if affords this private firm a tremendous guaranteed profit, with no risk and no competition. Two of the nation's top reporters, L. Edgar Prina of the Washington Evening Star and Jack Doherty of the New York Daily News, will question Senator Gore concerning this contract and future plans of the opponents, now that it has been signed by the AEC.

"Reporter's Roundup", heard on some 400 stations of the Mutual network, Mondays, 9:30 - 10:00 p. m., EST (8:30 - 9:00 p. m., CST) is presented as a public service by Mutual and Facts Forum in an effort to arouse interest in current public affairs.

Mrs. Lagrone Is Honored With Stork Shower

Mrs. A. D. Lagrone was honored with a stork shower in her home Thursday night by hostesses Hazel Warren, Viginia Brown and Mrs. Ottis Harper.

Several games were played with the winners presenting their prizes to the honor.

Refreshments of chicken salad sandwiches, pickles dressed up in paper diapers held with a toothpick, angel food cake squares iced in white and decorated with pink and blue flowers, slated nuts, Cokes and coffee were served by th hostesses, who were assisted by Mrs. Henry Brown.

Rainfall Hits 3.44 Mark In Soaking Rain

Cameron and the surrounding area was pleasantly surprised late Saturday night when a gust of wind brought with it shower-like rain which continued until Sunday afternoon. The local water plant reported that 3.44 inches of rain has fallen until the present time, the most for any one period this year.

This brings the years rainfall up to 13.7 with what farmers hope is "the rainy season" ahead.

Robert Glenn of the local A. S.C. office stated that the rain, with little or no run-offs was "worth million dollars" to farmers in surrounding area, in that it helped to replenish tanks and provided enough moisture to help winter legumes, already planted, flourish..

Buckholts FHA Attend District Meeting Recently

Future Homemaker club girls from Buckholts to attend the recent District meeting at Caldwell were Bernice Fischer, Joy West, Helen Svetlik, and Bernice Janes, and their sponsor, Miss Mary Frances Chupik, Home Ecomonics teacher. Theme of the meeting was "Neighbors Around the World."

Bernice Fischer of Buckholts was elected parliamentarian to the District office, and Joy West was named Historian to serve 1955-56. The meeting concluded with installation of officers ceremony. Local reporter is Carol Zajicek.

Mrs. J. R. Gifford of Rockdale and Mr. and Mrs. Otis Hudson of Calif. were recent guests in the Ralph Caffey home.

Lone Star Gas Company

Reese Made Lone Star Gas Co. Division Manager

J. B. Reese, a Lone Star Gas Company employee since 1933, has been named Division sales and promotion manager for the company's Waco Division of Distribution, according to an announcement by A. P. Rowland, division superintendent.

The appointment becomes effective Monday, Nov. 15.

Reese, who had held the position of sales supervisor of the Air Conditioning Department, Dallas Division of Distribution, since 1947, was assigned to the newly-created position as a part of a plan to reorganize and enlarge the company's promotional program.

The company's Waco Division consists of approximately 105 cities and towns.

Reese has been a member of the Dallas Division's Sales Department since joining the company July 28, 1933. He worked as a sales man until 1945, when he was made a sales supervisor. He was named supervisor of the Air Conditioning Department in June, 1947.

Born in Midlothian July 20, 1907, Reese attended Midlothian High School, the University of Texas and Texas Christian University. His mother, Mrs. Norma Reese, resides in Midlothian. His wife is the former Charlotte Payne of Dallas. Mr. and Mrs. Reese have three children Jack, 19; Bill, 10; and JoAnn, 9.

Reese is a director of the Blue Flame Merchandising Club and holds membership in the Southern Gas Association.

Anterless Deer Permits To Be Issued This Fall

Continued acute food conditions in the Hill Country plus high population rates have prompted expanding of the 1954 antlerless deer harvest in three Texas counties.

The Director of Wildlife Restoration for the Game and Fish Commission said present plans are to issue in excess of three thousand permits for antlerless deer.

Last fall when the taking of antlerless deer was introduced into two counties as a means of reducing overpopulation and balancing herds, 1136 permits were issued with a harvest of 946 head. These were taken in Mason and Gillespie counties. Llano County since has joined the area from which both buck and doe deer may be taken.

Meanwhile, it was emphasized that persons interested in the special harvest should contact the Chambers of Commerce in Fredericksburg for Gillespie County, Mason for Mason County and Llano for Llano County.

While the special antlerless deer harvest is supervised by Commission technicians, all arrangements are made on the local level and all permits are processed through ranchers and landowners.

The final allotment of permits for this fall will be determined at county-wide meetings in each of the counties. The actual figures will be based on population counts which are delayed until the last minute to allow the greatest possible harvest to avoid extreme herd die-offs this winter.

Wildlife technicians said interest in the special antlerless hunt is such that all permits doubtless will be taken.

Dates of the actual hunt are from December 1 to December 15 inclusive.

Lydia Baron Is Feted With Party

Lydia "Tiny" Baron was honored with a Southwestern Bell 10 year employment celebration by her co-telephone operators Monday in the lounge of the telephone office.

She was presented with her 10 year pin by chief operator Rudy Fogle.

Following the presentation and short congratulatory address refreshments of sandwiches, pickles, potato chips, mints and coffee were served.

Central decoration was an arrangement of dried fall flowers on the refreshment table.

A film, "The Hidden Heart" on Christian Stewardship will be shown at the First Christian church during the 7:30 evening worship service by Conn Sutter. All members are urged to be present.

U. S. Census Asks Corporation Of Farmers

America's more than 5 million farmers are being asked to cooperate with the Bureau of the Census, Department of Commerce, in the 1954 Census of Agriculture which is now under way. This census is the 16th in a series of nationwide farm canvasses since the first farm census in 1840, over 100 years ago.

In most States, copies of the census questionnaire are being mailed to farm operators in advance of the enumeration which began early in October and will continue into December. The starting date for the census has been set for the close of the normal crop harvesting season in each area. Questionnaires to be used in different areas have been designed to cover the crops commonly produced in these areas, while a number of ther States where the sharecropper system is followed, the questionnaires will be delivered in person by the enumerators to assure the consolidation of reports for multiple-unit farms.

The mail questionnaire used in most of the States is accompanied by a letter from Director Robert W. Burgess of the Bureau of the Census. This letter requests each individual farm operator to fill in the answers and have the completed questionnaire ready for the census enumerator when he calls at the farm a few days later. The enumerator will assist the farmer in filling out the form, if he requires assistance.

The Census questionnaire is designed to collect information about the number and size of farms, tenure, acreage of land in various uses, crops harvested, livestock inventory and production, expenditures for selected items (labor hire, machine hire, feed, fertilizers and lime, gasoline and other petroleum fuels and oil), inventory of selected facilities and equipment (televisions, food freezer, piped running water, tractor, harvesting machines, automobile, truck, etc.) irrigation, conservation practices, farm value, mortgage debt, and cash rent. Regional variations of the questionnaire will be used so that inquiries about crops, for instance, will be limited in each area to the crops common in that area. On an average, each farmer will be asked about 100 questions, many of which can be answered by checking "yes" or "no".

"Hobo Day" Observed In FHA Week

Buckholts FHA Chab girls observed "Future Homemakers of America Week" ending Nov. 7. The program for the week began with the group attending morning worship service at Hope Luthern church Sunday.

Included among the weeks activities was 'hobo day' with the girls dressed in Hobo garb doing odd jobs about town. A party held at the H. E. Cottage Friday night highlighted the week of celebration.

Attending were the F. H. A. girls and their dates, FFA boys, and the football team.

After games played on the school lawn, refreshments were served buffet style in the H. E. Cottag. Adult sponsors were faculty members, Miss Mary Frances Chupik, Miss Schmidt, and C. Tilworth. Out of town guest was Lawrence Zalesco of Cameron.

Petty, Pittman Begin Basic Training At Bliss

Pvt. Abel Pittman, 23, Cameron, Texas, son of Mr. and Mrs. B. Pittman, and Pvt. William C. Petty, 22, son of Mrs. Beatrice D. Petty of Cameron recently began eight weeks of Army basic training in the Antiaircraft Artillery Replacement Training Center at Fort Bliss, Texas.

They will spend their first weeks of Basic military training on fundamental subjects such as rifle, machine gun, bazooka marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one week maneuver in the field.

Fort Bliss, established as a frontier outpost more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

The family of Mrs. Carrie McLaren visited here over the weekend for a celebration of her 80th birthday.

Douglas Pruett and his wife and children of Houston spent the weekend with his parents, Mr. and Mrs. Hinton Pruett here.
